**RE: CIEC Recertification
Certificate #1510063**

Dear Adam:

Thank you for recertifying your Council-certified Indoor Environmental Consultant (CIEC) designation. Your new certificate is attached.

Your CIEC certification will expire October 31, 2019. Because this designation is CESB-accredited, it requires forty (40) hours of recertification credits (RCs) which must be acquired within the next two-year certification period. ACAC recognizes the important of field experience, ten (10) of those credits can be for continued work in the field.

Certificants must be able to document the thirty (30) hours of recertification credits (RCs) beyond the 10 hours allowed for continued field experience; however, only those who are randomly selected for audit will be required to submit their documentation. Unless you are notified otherwise, recertification simply requires a completed recertification affidavit and payment.

We appreciate your continued support of the Council, and we encourage you to call our staff if you have any questions.

Sincerely,

ACAC Certification Boards

American Council for Accredited Certification
